

DECEMBER 2016

IN CELEBRATION OF WOMEN ARTISTS

*This exhibition is born of a need to examine the **modern woman** artist's relationship to **our culture** at this **historic moment** with the United States poised between the potential of the first woman President and stark reminders of a pervasive global background of misogyny and discrimination.*

*The history of women's art can be a reflection of women's struggle over **identity, equality, education, career,** and their position in and contribution to the culture of a society*

Since the dawn of gender differentiation, females have probably sought the **support and companionship of groups** of females, whether it be a matrilineal elephant herd, an early Christian nunnery, a quilting bee in Colonial America.... And so have we, the creators of this exhibition joined together in celebration of an historical moment in time to share **our perspective** of the world through the eyes of a community of women artists.

Derby City CrossFit is collecting used athletic sneakers through an initiative called "**Dunk Your Kicks**", which benefits The Max Cure Foundation, dedicated to raising funds for **pediatric cancer research** and providing **financial assistance** to low-income and/or military families who have a child with cancer.

Through Dunk Your Kicks, MCF collects used sneakers at gyms across the country. In turn, they work with an international footwear recycler, who gives MCF up to \$1.00 for every pair of shoes donated. Rethink Nation goes on to sell the shoes at an affordable price in developing nations, where access to proper footwear is often limited.

If you have sneakers you'd like to donate, bring them to **Derby City CrossFit** and drop them off in our collection box near the front door.

MELLWOOD ART SHOW
